COMPANY PROFILE

ATTIC INFOMATICS is a group of expert specialists, consultants and designers experienced in everything IT related. Our mission is to give inventive and supportable arrangements while creating enduring customer connections. Our vision is to set another benchmark in data innovation empowered administrations.

COLLEGE PROFILE

NAWAB SHAH ALAM KHAN COLLEGE OF ENGINEERING AND TECHNOLOGY:

This institution has been established under the aegis of MADARSA-I-AIZZA, a registered educational society registered on 28th December 1961 under the Hyderabad societies registration Act No. 1 of 1350 fosli. In fact the Madrasa-i-aizza was founded in the year 1876 AD by the efforts of Moulvi Shaik Ahmed Husain sahib, Nawab Rafi Yar Jung, with the express object of imparting liberal / scientific / professional education to the children of Muslim community. In the year 1945, the school was made a feeder of the Osmania University preparing students for the H.S.C public examinations. The late Nawab Sir Nizamath Jung, an illustrious son of the founder was associated with the school as honorary secretary for over 50 years till he retired in 1947 and during his regime the school made rapid strides on the path of progress. Telugu medium classes were opened as parallel section in the year 1955. In 1964, English classes were opened and in the year 1987, a modern school in English medium with name "Neo School Aizza" was established. The year 1999 was a landmark in the history of the educational society when the management decided to start an Engineering College in the educationally backward region of ADILABAD. The Engineering College is functioning for the past 11 years very successfully. The college is one of the best Engineering Colleges imparting quality education with values. It is affiliated to OSMANIA UNIVERSITY (OU) and approved by All India Council for Technical Education (AICTE).

Coordinator JOAC Cell Nawab Shah Alam Khan College of

The general terms of co-operation shall be governed by this MoU. The Parties shall 1.3 cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MoU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MoU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

II. SCOPE OF THE MoU

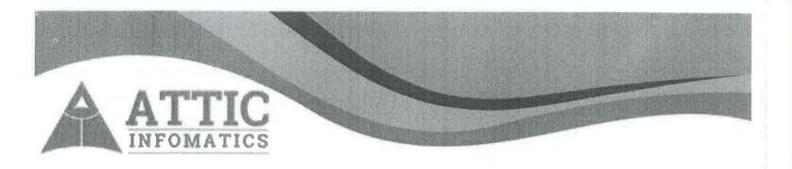

- The budding graduates from the institutions could play a key role in technological 2.1 up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- Curriculum Design: First & Second Party will share valuable inputs to the in 2.2 teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
- Skill Development Trainings: Industry and Institution interaction will give an insight 2.3 in to the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with the First Party.

Nawah Shah Alam Khan College Engineering and Technology

PRINCIPAL Nawab Shah Alam Khan

College of Engineering & Technology

- Value Added Programs: Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready. Both Parties have agreed to carry out the joint research activities in the fields of AI, ML, Embedded Systems, IoT, VLSI, Electric Vehicle, Renewable Energy, Software Domains and any technology domains that the Second Party has expertise through.
- 2.5 Research and Development: Both Parties have agreed to carry out the joint research activities in the above fields
- 2.6 Guest Lectures & Faculty Development Programs: Second Party to extend the necessary support to deliver guest lectures and coordinate Faculty Development Programs to the Staffs and student community, who have / will enroll with the First Party on the technology trends and in house requirements.
- 2.7 Placement of Trained Students: Second Party will actively engage to help the delivery of the training and placement of students into internships/jobs.
- 2.8 Internship: Second Party will engage and train the students as per the industrial demands in terms on Internship Programs
- 2.9 **Projects and Research Work:** Second Party will provide the necessary support to the student's community to complete their projects and the research works.

III. INTELLECTUAL PROPERTY

3.1 Nothing contained in this MoU shall, by express grant, implication, Estoppel or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

2. CO-OPERATION

- 2.1 Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the Institution and its related wings.
- 2.2 The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
- 2.3 The general terms of co-operation shall be governed by this MoU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents as may be required to give effect to the actions contemplated in terms of this MoU.

2.4 The terms of cooperation shall be mutually decided between the Parties on case-to-case basis. This MoU shall represent the entire understanding as to the subject matter hereof and shall encompass any prior understanding between the Parties on the subject matter hereof.

3. SCOPE OF THE MoU

- 3.1 The talented students from the institutions could play a key role in technological upgradation, innovation and competitiveness of an industry. Both Parties believe that close cooperation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 3.2 Curriculum Design: Second Party may participate in this process as and when the First Party extends invitation for such activity. The cooperation may be sought in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
- 3.3 Industrial Training & Visits: Industry and Institution interaction will give an insight in to the latest developments / requirements of the industries; the Second Party may permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smoothtransition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with First Party.
- 3.4 Research and Development: Both Parties have agreed to carry out the joint research activities in the fields of their expertise. The outcome of the R&D would be subject to the INTELLECTUAL PROPERTY section of this MoU.
- 3.5 Skill Development Programs: Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready and vice-versa.

- 3.6 **Expert Lectures:** Second Party to extend the necessary support to deliver expert lectures to the students of the First Party on the technology trends and in-house requirements and vice-versa.
- 3.7 Faculty Development Programs: Second Party to train the Faculties of First Party for imparting training as per the requirement in concerned sector/specialization, if available and vice-versa.
- 3.8 Training and Placement of Students: Second Party will actively engage to help the delivery of the training and placement of students of the First Party into internships/jobs; and will facilitate placements for the students.
- 3.9 Consultancies, R&D and other Academic Matters: The Parties will extend cooperation to each other in such a manner that it is mutually beneficial but does not create a conflict of interest on either's part. If such situation arises, the terms mentioned in the ARBITRATION section of this MoU would be resorted to.
- 3.10 Both Parties to obtain all internal approvals, consents, permissions, and licensesof whatsoever nature required for offering the Programs on the terms specified herein.
- 3.11 There is no financial commitment on the part of the First Party. However, in case of sponsored/financially supported or externally funded programs, the liability of the First Party will be limited to the extent of financial benefit of First Party or may be decided by the competent authority of First Party in the interest of students.
- 3.12 Each Party agrees that it shall not, at any time, after executing the activities of this MoU, disclose any information in relation to these activities or the affairs of business or method of carrying on the business of the other without consent of both Parties.
- 3.13 It is expressly agreed that First Party and Second Party are acting under this MoU as independent entities, and the relationship established under this MoU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. NeitherParty shall have, nor represent itself as having, any authority under the terms of this MoUto make agreements of any kind in the name of or binding upon the other Party, to pledge theother Party's credit, or to extend

credit on behalf of the other Party.

New Malakpet, Hyderabad-500024.

4. INTELLECTUAL PROPERTY

- 4.1 Nothing contained in this MoU shall, by express grant, implication, Estoppel or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.
- 4.2 The rights of the First Party are reserved through the IPR Policy of the First Party. Notwithstanding anything, any consequence arising out of this MoU would not infringe/contravene any of the provisions of the IPR Policy of the First Party.

5. ARBITRATION

- Any dispute arising with regard to any aspect of this MoU shall be settled through 5.1 mutual consultations and agreements by both Parties.
- 5.2 In the event of non-resolution of disputes through mutual consultation, the Parties hereby submit to the exclusive jurisdiction of the Telangana Courts of Law. The arbitration shall be conducted in accordance with Arbitration and Conciliation Act of 1996 and the venue of the arbitration shall be in Kota jurisdiction of dispute.
- 5.3 FORCE MAJEURE: In no event shall the Parties be responsible or liable for any failure or delay in the performance of their obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God.
- 5.4 It is being understood that the Parties shall use reasonable efforts which are consistent with accepted practices in the academia to resume performance as soon as practicable under the circumstances.

COLLEGE PROFILE

NAWAB SHAH ALAM KHAN COLLEGE OF ENGINEERING AND TECHNOLOGY:

This institution has been established under the aegis of MADARSA-I-AIZZA, a registered educational society registered on 28th December 1961 under the Hyderabad societies registration Act No. 1 of 1350 fosli. In fact the Madrasa-i-aizza was founded in the year 1876 AD by the efforts of Moulvi Shaik Ahmed Husain sahib, Nawab Rafi Yar Jung, with the express object of imparting liberal / scientific / professional education to the children of Muslim community. In the year 1945, the school was made a feeder of the Osmania University preparing students for the H.S.C public examinations. The late Nawab Sir Nizamath Jung, an illustrious son of the founder was associated with the school as honorary secretary for over 50 years till he retired in 1947 and during his regime the school made rapid strides on the path of progress. Telugu medium classes were opened as parallel section in the year 1955. In 1964, English classes were opened and in the year 1987, a modern school in English medium with name "Neo School Aizza" was established. The year 1999 was a landmark in the history of the educational society when the management decided to start an Engineering College in the educationally backward region of ADILABAD. The Engineering College is functioning for the past 11 years very successfully. The college is one of the best Engineering Colleges imparting quality education with values. It is affiliated to OSMANIA UNIVERSITY (OU) and approved by All India Council for Technical Education (AICTE),

- Both Parties to obtain all internal approvals, consents, permissions, and licensesof 3.10 whatsoever nature required for offering the Programs on the terms specified herein.
- 3.11 There is no financial commitment on the part of the First Party. However, in case of sponsored/financially supported or externally funded programs, the liability of the First Party will be limited to the extent of financial benefit of First Party or may be decided by the competent authority of First Party in the interest of students.
- 3.12 Each Party agrees that it shall not, at any time, after executing the activities of this MoU, disclose any information in relation to these activities or the affairs of business or method of carrying on the business of the other without consent of bothParties.
- 3.13 It is expressly agreed that First Party and Second Party are acting under this MoU as independent entities, and the relationship established under this MoU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. NeitherParty shall have, nor represent itself as having, any authority under the terms of this MoUto make agreements of any kind in the name of or binding upon the other Party, to pledge theother Party's credit, or to extend

on behalf of the other Party.

4. INTELLECTUAL PROPERTY

- 4.1 Nothing contained in this MoU shall, by express grant, implication, Estoppel or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copy rights and designs) of the other Party.
- 4.2 The rights of the First Party are reserved through the IPR Policy of the First Party. Notwithstanding anything, any consequence arising out of this MoU would not infringe/contravene any of the provisions of the IPR Policy of the First Party.

5. ARBITRATION

- 5.1 Any dispute arising with regard to any aspect of this MoU shall be settled through mutual consultations and agreements by both Parties.
- 5.2 In the event of non-resolution of disputes through mutual consultation, the Parties hereby submit to the exclusive jurisdiction of the Telangana Courts of Law. The arbitration shall be conducted in accordance with Arbitration and Conciliation Act of 1996 and the venue of the arbitration shall be in Kota jurisdiction of dispute.
- 5.3 FORCE MAJEURE: In no event shall the Parties be responsible or liable for any failure or delay in the performance of their obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God.
- 5.4 It is being understood that the Parties shall use reasonable efforts which are consistent with accepted practices in the academia to resume performance as soon as practicable under the circumstances.

COLLEGE PROFILE

NAWAB SHAH ALAM KHAN COLLEGE OF ENGINEERING AND TECHNOLOGY:

This institution has been established under the aegis of MADARSA-I-AIZZA, a registered educational society registered on 28th December 1961 under the Hyderabad societies registration Act No. 1 of 1350 fosli. In fact the Madrasa-i-aizza was founded in the year 1876 AD by the efforts of Moulvi Shaik Ahmed Husain sahib, Nawab Rafi Yar Jung, with the express object of imparting liberal / scientific / professional education to the children of Muslim community. In the year 1945, the school was made a feeder of the Osmania University preparing students for the H.S.C public examinations. The late Nawab Sir Nizamath Jung, an illustrious son of the founder was associated with the school as honorary secretary for over 50 years till he retired in 1947 and during his regime the school made rapid strides on the path of progress. Telugu medium classes were opened as parallel section in the year 1955. In 1964, English classes were opened and in the year 1987, a modern school in English medium with name "Neo School Aizza" was established. The year 1999 was a landmark in the history of the educational society when the management decided to start an Engineering College in the educationally backward region of ADILABAD. The Engineering College is functioning for the past 11 years very successfully. The college is one of the best Engineering Colleges imparting quality education with values. It is affiliated to OSMANIA UNIVERSITY (OU) and approved by All India Council for Technical Education (AICTE).

1.3 The general terms of co-operation shall be governed by this MoU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MoU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MoU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

II. SCOPE OF THE MOU

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 Curriculum Design: First & Second Party will share valuable inputs to the in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
- 2.3 Skill Development Trainings: Industry and Institution interaction will give an insight in to the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with the First Party.

1.3 The general terms of co-operation shall be governed by this MoU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MoU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MoU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

H. SCOPE OF THE MoU

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 Curriculum Design: First & Second Party will share valuable inputs to the in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
- Skill Development Trainings: Industry and Institution interaction will give an insight 2.3 in to the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with the First Party.

IV. VALIDITY

- 4.1 This Agreement will be valid for a period of 1(ONE) years until it is expressly terminated by either Party on mutually agreed terms, during which period, either parties, as the case may be, will take effective steps for implementation of this MoU. Any act on the part of either parties after termination of this Agreement by way of communication, correspondence etc., shall not be construed as an extension of this MoU
- 4.2 Both Parties may terminate this MoU upon 30 calendar days' notice in writing. In the event of Termination, both parties have to discharge their obligations. Any divergence or difference derived from the interpretation or application of the MoU shall be resolved by arbitration between the parties as per the Arbitration Act, 1996. The place of the arbitration shall be at District Head Quarters of the First Party. This undertaking is to be construed in accordance with Indian Law with exclusive jurisdictions.
