Telugu medium classes were opened as parallel section in the year 1955. In 1964, English classes were opened and in the year 1987, a modern school in English medium with name "Neo School Aizza" was established. The year 1999 was a landmark in the history of the educational society when the management decided to start an Engineering College in the educationally backward region of ADILABAD. The Engineering College is functioning for the past 11 years very successfully. The college is one of the best Engineering Colleges imparting quality education with values.
